# Make It Easy

**Sylvan Esso**

Make it easy
Make it plain
Make it simple
Make it rain

Lift me up and out again
Like you did back when I was ten
World was smaller
But you knew it then
Play it again

Play it easy
Play it plain
Play it simple
Out in the rain
Out in the heat
Out in the snow
To all the men at the rodeo
They all know it
From long ago
Hear it echo
See it flow
Now you know
Now you know
Now you know

Know it easy
Know it plain
Know it's simple
This loving thing
And in the darkness
You hear it ring
And when it freezes
It thaws again
Just like a record
Spinning 'round
Oh, can't you hear it?
That loving sound

It's playing now, it's playing now
It's playing now, it's playing now
It's playing now, it's playing now
It's playing now, it's playing now
It's playing now, it's playing now
It's playing now, it's playing now
It's playing now, it's playing now
It's playing now, it's playing now
It's playing now, it's playing now
It's playing now, it's playing now
It's playing now, it's playing now
It's playing now, it's playing now
It's playing now, it's playing now
It's playing now

Make it easy
Make it plain
Make it simple

Make it rain
Lift me up and out again
Like you did back when I was ten
World was smaller
But you knew it then
Play it again
