

I got your hate mail here
The perfect way to die
Giving up your opinion
I'll Give ya what I prescribe.

Down to size.

I got your hate mail here
I'm like a needle in your eye
Can't deny your opinion
I'll give ya what I prescribe

This is beyond for real
It's beyond all of your repair
Did you get the news?
No reprise when you're down there.

It brings you down
It brings you down
It brings you down
To my size.

I got your hate mail here
The perfect way to die
Can't deny the messenger
Can't rely solely on abuse.

Coming down my ugly truth
Coming down for just your use
When it's in your face
All of me into you.

It brings you down
It brings you down
To my size
It brings you down
To my size.

It brings you down
To my size
It brings you down....
To my size.
