

## Friday Night

T. Mills

I go so in that I ain't even out yet.  
When my record drops, buyin' cops some new outfits.  
Play a couple shows. keep my presidents up.  
I'd like to say I'm sorry to every girl I didn't fuck.  
I'm kinda pissed off now, let me tell you what.  
Every now and then I do drugs for the fuck of it.  
Tryin' to be a nice dude. Try to keep my mind right.  
Always be a young fav. try and live that high life.  
All I do is smoke weed, chill, and make cool songs.  
Kickin' with your girlfriend. Prolly last an hour long.  
I be postin' twitpics. See I keep my high strung.  
Cuz I'm on the fool charge, I be on my iPhone.  
Gotta keep my friends around, they know how to party right.  
I just turned twenty one. Find me on a Friday night.

Find me on a Friday night, Friday night.  
Find me on a Friday night, Friday night.  
Find me on a Friday night, Friday night.  
Find me on a Friday night, Friday night.

I'm in LA, everyday, puttin' time in.  
Watch me like a g-shot girl, come be my diamond.  
We don't have to go out, you and I can dine in.  
Give me all that pussy; open up and I will dive in.  
Girls play me when they're drivin'. You hate cuz hoes be viben.  
I wouldn't fuck with favorites. I'm sure it could get violent.  
Play you like a violin, I'm good on the strings though.  
Girls be like he's hot when he's cute or when he sings though,  
I wonder if he's single. It don't matter I been drinkin'.  
We ain't gotta fuck now, we got the whole weekend.

Find me on a Friday night, Friday night.
