

I get high and pay no mind to people talkin', people talkin'  
I get high and pay no mind to people talkin' outta line

Hide this wood, flow don't knock it  
Cause when I'm rockin' her eyes poppin' outta socket  
Money in my pocket's on the floor  
Lock the door  
Better then this shit, right here  
HA, have some more

I get high and pay no mind to people talkin', people talkin'  
I get high and pay no mind to people talkin' outta line

Girls come around, they don't stop, don't stop  
And maybe if she's lucky, I'll just listen to her talk to me  
And if I'm not busy, I can probably get her naked, take some pictures, and delete them whenever it is I wake up, wake up

I get high and pay no mind to people talkin', people talkin'  
I get high and pay no mind to people talkin' outta line

Crease the beat up, and light my weed up  
Stay mind blowin' with my brain, swisher sweet blunt  
Ne-high  
How I can twist words into pictures  
Light the room up like a fixture  
My sound is a mixture

I get high and pay no mind to people talkin', people talkin'  
I get high and pay no mind to people talkin' outta line

Girls come around, they don't stop, don't stop  
And maybe if she's lucky, I'll just listen to her talk to me  
And if I'm not busy, I can probably get her naked, take some pictures, and delete them whenever it is I wake up, wake up

If one is not enough, I keep em' comin'  
I just want to live long enough to spend some money  
Turn this bitch up, huh  
Wow, what's funny?  
Bitches tellin' me "Oh your tattoos are lovely", they love me

I get high and pay no mind to people talkin', people talkin'  
I get high and pay no mind to people talkin' FUCK

Girls come around, they don't stop, don't stop  
And maybe if she's lucky, I'll just listen to her talk to me  
And if I'm not busy, I can probably get her naked, take some pictures, and delete them whenever it is I wake up, wake up

Girls come around, they don't stop, don't stop  
And maybe if she's lucky, I'll just listen to her talk to me  
And if I'm not busy, I can probably get her naked, take some pictures, and delete them whenever it is I wake up, wake up

Don't stop

To her talk

Wake uppppppppppppppppppp
