T.O.K.

C'mon now... TOK, jamaican records taking over the world... just like dat,
Whoa

Someone who's soft and tender
With a smile as warm as September
You are my life, you are all, you are my Destiny
My life it filled with slender, Ooh Baby I surrender

Honey you, are my shining star
Wanna be, right here where you are
Honey you, are my shining star
Wanna be, right here where you are

Well alright, baby girl I give emotion and devotion
And affection and protection
If it's love I'll give you everything you want
Baby I'm right here for you
Make ya gray skies get blue, and dat a true
Mi mean it straight from the heart
Girl you are my shining star
Light a shine inna mi heart, whether you near or far
