

# If You Kill Me, I'll Never Know

Tabula Rasa

I want to leave when I see you coming  
My time spent waiting for the end to all of this  
Won't remember me  
Please don't remember me

Your cause for stealing kills me  
You never meant much, never meant much to me  
Your cause for stealing kills me  
You never meant much, never meant much to me

You'll see when all the people around you  
In time will lose all hope, then you will see an end  
Won't remember me  
Please don't remember me

You've made your choice, our words don't mean a thing  
You'll never change, please don't defend it

Your cause for stealing kills me  
You never meant much, never meant much to me  
Your cause for stealing kills me  
You never meant much, never meant much to me

You can't see what's really happening  
You can't start over, defeated when you're dead and in the ground  
You can't see, it isn't what you think  
Can't take an easy way out

Each time you're closer to the ground
