

Society, solution  
Environment, pollution  
Controlling populations  
Divided United Nations

Conflict, annihilate  
Cross-purpose, commiserate  
Carpet-bombing civilian targets  
Indiscriminate hybrid killer

Death flying down  
On distant targets  
Can't see their faces so far away  
Daisy cutter from thirty five thousand feet  
Take a shit and then fly away

Society, solution  
Environment, pollution  
Controlling populations  
Divide United Nations

Conflict, annihilate  
Cross-purpose, commiserate  
Carpet-bombing civilian targets  
Indiscriminate hybrid killer

Shock wave  
Shattered bodies  
Flesh torn and muscles rip  
Crucify the poor man  
Destroy futility
