

# Fly Away

Taio Cruz

Some where afar some place where  
no one else can go,  
Some place where only you and I know  
how to get there,  
Some place where only doves have  
seen the skies  
Some place where only you and I know  
how to get there,

And we can touch the sky, Together we  
can find a way,  
We can make it there, and no one will  
stand in our way  
We can even go where nobody knows,  
Where only you and I...

We Could Fly Away, a, a, a, a. (2x)

A place in the sun, a place that's further  
than the stars,  
A place where only you and I know how  
to get there,  
It's not as far as Jupiter but further than  
Mars  
A place where only you and I know how  
to get there,

And we can touch the sky, Together we  
can find our way,  
We can make it there, and no one will  
stand in our way  
We can even go where nobody knows,  
Where only you and I...

[Chorus x2]
