

Forever Love

Taio Cruz

Should we say go
Should we say stay
Do we stand tall
Or do we fade away

Do we keep on
Or do we fall down
I won't say goodbye
I won't say that now

I'll keep loving you forever
Because I swore I would
You know my word is good
I'll keep loving you forever
Because I swore I would
You know my word is good

You, forever and ever, love (8x)

Should we say go
Should we say stay
Do we stand tall
Or do we fade away

Do we keep on
Or do we fall down
I won't say goodbye
I won't say that now

I'll keep loving you forever
Because I swore I would
You know my word is good
I'll keep loving you forever
Because I swore I would
You know my word is good
