

I Call It Love

Taj Jackson

I look at you, you look at me (you can't tell me you ain't feeling butterflies)
It's obvious there's some chemistry (I think I know what it feels so right)
Girl, I wanted so long to know
Now you're tellin' me that I gotta let it go
Don't tell me I have to start all over again

I never thought, this day would come (this is something that I wanted in my life)
I realized that you're the one (and you're telling me that it's time to say goodbye)
What's inside my heart ain't gonna change
So it shouldn't be that easy to walk away
You feel it, I feel it, let's not pretend

[Chorus:]
Maybe I don't know what love is
Maybe I'm a fool
I just know what I'm feeling
And it's all because of you
Don't tell me I don't know, I want the truth
'Cause they call it, we call it, you call it, I call it love

It's so clear for you to see (don't let nobody tell you what to do)
Why can't they just let us be happy (I don't wanna find somebody new)
If you know what's really in your heart
Then don't let them tear us apart
'Cause you feel it, I feel it, don't say we're through

[Chorus:]
Maybe I don't know what love is
Maybe I'm a fool
I just know what I'm feeling
And it's all because of you
Don't tell me I don't know, I want the truth
'Cause they call it, we call it, you call it, I call it love

We have a bond that's unbreakable
And it's not time to let it go (we're in love)
And now that we will know it's real
Gonna let it show to the whole world
That I'm yours forever and you are my girl
Maybe I don't know

[Chorus: x2]
Maybe I don't know what love is
Maybe I'm a fool
I just know what I'm feeling
And it's all because of you
Don't tell me I don't know, I want the truth
'Cause they call it, we call it, you call it, I call it love

I call it love, I call it love...
