

The Moment

Taj Jackson

I remember the moment I first laid eyes on you,
I was shy couldn't explain the feeling
Didn't know but I just knew
Was so sure this was it, and my search was over
After everything I told her
Girl I thought you felt it too

How do you forget (forget)
The one that took your breath away
When you gave your heart out
She left you with nothing to take (take, take)
Now I'm picking up the pieces
Cause I need to make you see

Give me time
And I will be fine
I just need a moment
To get you out my mind
If I could rewind
Just go back in time
To the moment I fell in love with you
And erase it from my mind
But I just can't
I just can't
I just can't
I just can't

Now I was told that a moment
Can last for all your life
Though I wanted it to be forever
But you wanted just one night
(Wanted just one night)
And now I never forget (forget, forget)
The way that you reminded me
All the ones that broke my heart (heart)
Now I'm confused of the person I should be
(Should be, Should be)

I'm still picking up the pieces
Cause that's all that's left of me

Give me time
And I will be fine
I just need a moment
To get you out my mind
If I could rewind
Just go back in time
(Just go back in time)
To the moment I fell in love with you
And erase it from my mind
But I just can't
I just can't
I just can't
I just can't
Oooh

And I'm trying hard to get over you

It's something my heart won't let me do
They say true love is hard to find
And girl the only thing I need is

Give me time
And I will be fine
(And I will be fine)
I just need a moment
To get you out my mind
If I could rewind
(If I could rewind)
Just go back in time
(Just go back in time)
To the moment I fell in love with you
And erase it from my mind
(Erase it from my mind)
But I just can't
