

## Don't Let Go

Take 6

When something brings pain to your life  
And every thing's wrong that was right  
And you can't find the strength to stand, oh no  
Don't let go, don't let go of my hand, my hand

You struggle for something to say  
When someone you love passes away  
And that something you can't understand, no, no, oh  
Don't let go, don't let go of my hand

And I will be right here like you've always know  
And I'll be there wherever you go  
And when you're in need of my love  
You can always come home, come on home

You walk through this cold world alone  
Nothing to call your own, no  
As supply's comes shorter to man, oh yeah  
Don't let go, don't let go

Just wipe the tears from your eyes  
Ease your pain, erase all the hurt inside  
Don't let go, don't let go

Just wipe the tears from your eyes  
Ease your pain, erase all the hurt inside  
Don't let go, don't let go

You can just wipe the tears from your eyes  
Ease your pain, erase all the hurt inside  
Don't let go, don't let go

Just wipe the tears from your eyes  
Ease your pain, erase all the hurt inside  
Don't let go
