

This Is Another Day

Take 6

Doo ba doo doo
Doo ba doo doo, oh
Doo ba doo doo
Doo ba doo doo, oh
Just want to thank You Lord
Thank You for one more day

This is another day that the Lord has kept me
Ooh, this is another day He blessed me
He kept me from all evil with my mind stayed on him
And I know He's gonna keep me
Until He returns again

This is another day that the Lord has kept me
Ooh, this is another day He blessed me
He kept me from all evil with my mind stayed on him
And I know He's gonna keep me
Until He returns again

Have you ever felt like you couldn't make it?
You didn't have the strength to go through
Troubles and trials always got you down
You cry, "Lord what shall I do?"

Stop depending on your feelings
And start trusting in God's word
'Cuz I'm persuaded, He will keep me
He'll never leave me till I see his face someday

This is another day that the Lord has kept me
Ooh, this is another day He blessed me
He kept me from all evil with my mind stayed on him
And I know He's gonna keep me
Until He returns again

Have you ever felt like you couldn't make it?
Didn't have the strength to go through
Troubles and trials always got you down
You cry, "Lord what shall I do?"

Stop, stop depending on your feelings
And start trusting in His word
'Cuz I'm persuaded He'll keep me
He'll never leave me till I see his face someday

This is another day the Lord has kept me
Ooh, this is another day He blessed me
One more day the Lord has kept me
One more day He blessed me

This is another day the Lord has kept me
Ooh, this is another day He blessed me
One more day the Lord has kept me
One more day He blessed me

This is another day the Lord has kept me
Ooh, this is another day He blessed me

One more day the Lord has kept me
One more day He blessed me

This is another day the Lord has kept me
Ooh, this is another day He blessed me
One more day the Lord has kept me
One more day He blessed me

Another day, another day, another day
Another one more day
Another day, another day, one more day

Another day, another day, another day
Another one more day
Another day, another day, one more day
