

# You Don't Have To Be Afraid

Take 6

The situation gettin' rough  
And you feel it's more than you can take  
The good things in your life  
And problems seem to outweigh

When will you let go and understand  
That I've got the master plan  
You've gotta trust Me and just believe  
That I'm always holdin' your hand  
You don't have to be afraid

You don't have to be afraid  
Let My love show you the way  
(I'm right by your side)  
That's where I'll stay  
So you don't have to be afraid

Somebody said that problems come  
They only come to make you strong  
You see, I'm never far away  
And you know I'll never steer you wrong

When will you let go and understand  
That I've got the master plan  
You've gotta trust Me and just believe  
That I'm always holdin' your hand  
You don't have to be afraid

You don't have to be afraid  
Let My love show you the way  
(I'm right by your side)  
That's where I'll stay  
So you don't have to be afraid

My eye is on the sparrow  
And I'm always watchin' you  
I have so much more love to give  
And I'm gonna see you through  
Don't be afraid, yeah

You don't have to be afraid  
Let My love show you the way  
(I'm right by your side)  
That's where I'll stay  
So you don't have to be afraid
