

# I'm Coming Home

Takida

Please wait  
Please wait  
You try so hard  
But all in vain  
Cold blood and bruises stain, I feel your pain and shame  
His spite shows clear  
To him you are spent  
Let her go, all this abuse, fright  
It will never end  
Never end  
You never wanted this life  
And you'll never be alright  
You're broken and he walked away  
I will find him in time  
Then I'll take his weak life  
I'm coming home, please wait  
Kneels and prays  
Stop hurting me, she said  
But long days go by and no remorse and no regrets  
Insane, sick mind  
And fear in display  
Let him go  
He controlled your soul but never again  
Never again  
You never wanted this life  
And you'll never be alright  
You're broken and he walked away  
I will find him in time  
Then I'll take his weak life  
I'm coming home, please wait  
Please wait  
A-ah  
Please wait  
Mm, you never wanted this life  
Never  
And you'll never be alright  
You're broken and he walked away  
I will find him in time  
Find him in time  
Then I'll take his weak life  
I'm coming home, please wait  
O-oh  
Never this life  
A-ah  
You'll never be alright  
Find him in time  
I'm coming home, please wait
