

One Lie

Takida

Passion starts to fade
I just want you by my side
Faithful to the end
I have failed, you were mine
One lie, I'm helpless, you'll never be
One lie is forcing me to set you free
One lie has tainted us, I hope you see
Sorry I am
Tears will never dry
I never meant to make you cry
All I have is now
I will give it one last try
Try, try, try
Hey, yeah
One lie, I'm helpless, you'll never be
One lie is forcing me to set you free
One lie has tainted us, I hope you see
Sorry I am
I reach for you hand, no
I reach for the end, no
I reach for the one lie
I'm helpless, you'll never be
One lie is forcing me to set you free
One lie has tainted us, I hope you see
Sorry I am
One lie
One lie
One lie
Sorry I am
Sorry I am
Sorry I am
