

## Up Against (Blackout)

### Taking Back Sunday

So this is what we're up against?  
So this is what we're up against?

Face it  
This is what we're up, up against?  
You're waiting  
And every minute is a minute away  
Face it  
This is what we're up, up against?  
You're waiting  
And every minute is a minute away

Regrets always work  
Excuses are better  
A practical exchange  
Or a trade for the truth  
But you know it never held up (but you know it never held up)  
Pretend that it still could now

Face it  
This is what we're up, up against?  
You're waiting  
And every minute is a minute away  
Face it  
This is what we're up, up against?  
You're waiting  
And every minute is a minute away

We're turning our clocks back  
Just never ourselves  
So go with the flow  
Just relax (just relax)  
You never feel the jet lag  
Unless you're trying to fit in

Face it  
This is what we're up, up against?  
You're waiting  
And every minute is a minute away  
Face it  
This is what we're up, up against?  
You're waiting  
And every minute is a minute away  
(every minute is a minute away)

Less is more except when it comes to mistakes  
How long is long, that depends how long it takes  
Less is more except when it comes to mistakes  
How long is long, that depends how long it takes  
The years, not months  
Not days, your blackout memory  
The years, not months  
Not days, your blackout memory

Face it  
This is what we're up, up against?  
You're waiting

And every minute is a minute away  
Face it  
This is what we're up, up against?  
You're waiting  
And every minute is a minute away  
(every minute is a minute away)  
Every minute is a minute  
And a minute and a minute away
