

We Don't Go in There

Taking Back Sunday

Nobody knows, nobody cares
About the how and why and where
The devil's in the details
And we don't go in there
Make it sound so simple
Make it sound so cheap
You make it seem so easy
Lying through your teeth

I couldn't believe it took another look around the room
You were talking crazy, figured maybe I was going crazy too
And everyone was hanging on to every single word
Nonchalant, you shrugged it off thinking you had all us fooled

All us fooled, all us fooled

Nobody knows, nobody cares
About the how and why and where
The devil's in the details
And we don't go in there
You make it sound so simple
You make it sound so cheap
You make it seem so easy
Lying through your teeth

And the truth is I hate it. How am I the only one who sees?
We're scraping the surface only 'cause there's not much underneath
Still everyone was hanging on to every single word
Nonchalant, you shrugged it off thinking you had all us fooled

All us fooled, all us fooled

Nobody knows, nobody cares
About the how and why and where
The devil's in the details
We don't go in there
You make it sound so simple
You make it sound so cheap
You make it seem so easy
Lying through your teeth
Lying through your teeth

Lying through your teeth

I want to believe
I want to believe
I want to believe

Nobody knows, nobody cares
About the how and why and where
The devil's in the details
We don't go in there
We don't go in there
