

## Back 2 The Feeling

Talisman

I've been waiting so long  
I don't know where I belong  
I've been wandering down this winding road  
Hoping some day I'd B home

All I've learned & all I know  
I'm back 2 the feeling, I fin'llly know  
All the pain & all the tears  
I'm back, yes I'm back to the feeling

Years I've spent in a daze  
All the truth seems so far away  
Always play the sentimental fool  
Now there is something I must do

I'm back 2 the feeling  
I've found the road I must go
