Friends 2 Strangers

Screams of anger lead 2 bitter ends 24/7, never seem 2 compromise Friends 2 strangers words cannot defend Now does it feel good, now does it feel right Somehow my dignity is buried alive

How do we advertise, our souls are victimised We're miles from the road 2 heaven Let's make this 1 thing clear, I've had it bout 2 here, You've taken much more than u've given

Justifying all your every ways I can 4give but I can't 4get, nor I should I aint buyin what more can I say Now do u feel good, tell me do u feel right It's only fair 2 tell me what's on your mind

Screams of anger lead 2 bitter ends 24/7, never seem 2 compromise Friends 2 strangers words cannot defend Don't think I can't see it in your eyes Justifying all your every ways I can 4give but I can't 4get, nor I should I aint buyin what more can I say Talisman
