

Say it again  
Heart of stone  
Red on your face  
So alone  
Say it again  
And I'll know it's you  
God only knows  
Why do lies about this girl bother you?  
Time is waiting to explain, why refuse?  
It's you  
Say it again  
Heart of sand  
Tears on your face  
'Nothing stands'  
God only knows  
I've noticed you  
Say it again  
Why do lies about this girl bother you?  
Time is waiting to explain, why refuse?  
It's you  
Say it again  
I know it's you  
God only knows  
Why do lies about this girl bother you?  
Time is  
waiting to explain, why refuse?  
It's you  
Talk in rhymes about the world watching you  
It's you  
So unwise about the girl  
It's you  
Why do lies about the girl bother you?  
It's you  
Tired of waiting to explain
