

# Creatures of Love

Talking Heads

A woman made a man  
And a man, he made a house  
And when they lay together  
Little creatures all come out

For I've seen sex and I think it's alright  
It makes those little creatures come to life  
But I can laugh or I can turn away  
But I've seen sex and I think it's okay, its okay

We are creatures, creatures of love  
We are creatures, creatures of love  
From the sleep of reason, a life is born  
We are creatures of love, we are creatures of love

It's okay to be afraid  
When the blue spark hits your brain  
No, you can love one another  
I've been told that it's okay

So doctor, doctor, tell me what I am  
Am I one of those human beings?  
But I can laugh or I can learn to think  
So help me now to find out what to feel

Help me now, we are creatures, creatures of love  
We are creatures, creatures of love  
We've been here forever, before you were born  
We are creatures of love, we are creatures of love

A man can drive a car  
And a woman can be a boss  
And a monkey and a flower  
I'm everything at once

Well, a woman and a man can be together  
If they decide to, they'll make little creatures  
Watch 'em now, little creature of love  
With two arms and two legs  
From a moment of passion  
Now they cover the bed

Little creatures of love, we are creatures of love  
We are creatures, creatures of love  
We are creatures, creatures of love  
From the sleep of reason, a life is born  
We are creatures of love, we are creatures of love  
We are creatures of love, we are creatures of love
