

Sugar on My Tongue

Talking Heads

Oh, oh, she's my neighbor, fill my cup
I'll bet you, baby, she can fill it up

She put the sugar on my tongue
And she gimme, gimme, gimme some
Is she gonna put that sugar on my tongue?
Is she gonna gimme, gimme, gimme some?

She'll put it right there on my tongue
Put it right there on my tongue

Sweet sweet, lover lover
Never, never, never find another

To put sugar on my tongue
Gimme, gimme, gimme some
Is she gonna put sugar on my tongue?
Is she gonna gimme gimme gimme some?

She'll put it right there on my tongue
Put it right there on my tongue

I've been waiting years and years
Finally I see that you appear
My friends are here and they ask of me
"Is this the time that we're gonna see her?"

Put the sugar on your tongue
Is she gonna put sugar on my tongue?
Is she gonna put sugar on my tongue?
Is she gonna gimme, gimme some?

She'll put it right there on my tongue
Put it right there on my tongue
She'll put sugar on my tongue
