

Ups and Downs

Tamela Mann

Ups and downs
Ups and downs

We've been together
Seems like forever
And I wanna spend
Another lifetime
'Cause it don't get much better
Don't care about the weather
Oh as long as I'm with you
I'm safe and warm

I'm happy that I'll spend the rest
Of my life with you

It ain't been easy
But we'll make it through all the
Ups and downs
It ain't been perfect but we're both
Here right now
And I love you more after all the
Ups and downs
Life ain't perfect but we're both
Here right now
And I love you more after
Every one, one
(Ooh, yeah)

So come on dance with me baby
Just wrap your arms round me baby
Hold on tight like the first time I met ya, oh
Since that day I've been right beside ya
You showed me baby you a rider
So honey I'ma ride into the sunset with you
And I'll spend the rest of my life with you

It ain't been easy
But we'll make it through all the
Ups and downs
It ain't been perfect but we're both
Here right now
And I love you more after all the
Ups and downs
Life ain't perfect but we're both
Here right now
And I love you more after
Every one
One, one
One, one

We got a love that can conquer anything
You are the melody that makes my heart sing
I meant every word that's why you rock my last name
I swear that I love you

It ain't been easy
But we'll make it through all the

Ups and downs
It ain't been perfect but we're both
Here right now
And I love you more after all the
Ups and downs
Life ain't perfect but we're both
Here right now
And I love you more after
Every one
One, one
One, one
And I love you more after
Every one
One, one
One, one

I meant every word that's why you rock my last name
I swear that I love you
