Worst when I look at you so I close my eyes
Trying to stay on cruise control between your thighs
Iti;½s slipping away from me, whoa
And Ii;½m *begging my* body to hold on, please

I wish it wasn't over
I wanna keep making love
I don't wanna give this feeling up
This so good
I wish it wasn�t over
I�m just always wanna be close
On the � we both done most
If we could, donï;½t let this thing be over
