

She Got Me Saying

Tank

Is the lady killer
Noh

I do her she do me
The f*ck it the... sleep
She like it ruff
She can't get enough
Go get her she go hard
Straight sinner oh my god
Beginner not...
She got everything to play... naked

She don't wanna leave you, she don't wanna go
Take it up the foes... goes
I'ma be the lover until she oh oh oh
She's ll just be the lover until she oh oh oh
She got me saying ooh I got her saying ooh
I'ma be the lover until she oh oh oh
She's ll just be the lover until she oh oh oh

I can't say she kiss me,
She up and down I'm in between
I let her drive she back her up
She hit the guys like we hit the rush
Go get her she go hard,
Straight sinner oh my god
Beginner not...
She got everything to play... naked

... better drink
'Bout to... don't you think
It's the perfect...
Girl I don't know...
And somebody listen
Somebody listen I make...
Somebody listen...
