

This Is How I Feel

Tank

Why can't I get you off my mind
Clips of your body on rewind
If I come over would it be right
No I ain't sober
Dropping so high off your love your love your love
Is that alright
Cause you don't know, know how hard I go
I'm a fein for
I just want more

This is how I feel
This is how I feel
This is how I feel
This is how I feel

Ima take time, can't we get lost
Look how you shine, how much you cost
And I cannot afford all of you
Cause you don't know
How hard I go
I'm a fein for
I just want more

This is how I feel
This is how I feel
This is how I feel
This is how I feel

Yours right next to mine, beauty so divine
I will stay in for life, life, talk to me
Tell me where, starting to feel it, the feeling again
I feel you now ohh

This is how I feel
This is how I feel
This is how I feel
This is how I feel
