

Your One

Tank

Yeah
It's a lot up in the air
It's one of those nights
It's my night
Yeah
Get me up the air
Ohh

Have you seen?
I've been stuck next to people trying to beat me
Before the end of the night, you gonna meet me,
Turn me between your strength baby it's free, yeah
Do you need me?
I'm willing to be used baby, keep me
I know you see a lot of these weekly
But I feel so damn special in your bikini

Girl I can fit the bill, they call me dollar bill
But you can call me your one,
Your, your, your one
I ain't on the floor with the rest of them fools
Right upon your skin, laying next to you
Call me your one,
Your, your, your one

I hope you notice
I'm a stand out in the sky when they through this
I'm the one that's fly but I'm the coldest
Let me give it to you straight don't fold this
Uhh
And all those places girl they just don't mean a thing
Come and give me all them 20 I am nothing but some change
Big faces staring at me but they don't understand
I can feel I'm the man

Girl I can fit the bill, they call me dollar bill
But you can call me your one,
Your, your, your one
I ain't on the floor with the rest of them fools
Right upon your skin, laying next to you
Call me your one,
Your, your, your one

I don't mean a thing up in Gucci but I'm here and I'm a start
Switch to big bills for me I'm here at the bar
Oh I can't do much about the service
Get me to the stage and I'm a show you how to work this
Baby cut that thing now coming with the rain now
I'm a make you feel like you're the one

Girl I can fit the bill, they call me dollar bill
But you can call me your one,
Your, your, your one
I ain't on the floor with the rest of them fools
Right upon your skin, laying next to you
Call me your one,
Your, your, your one
