

Brain piercing Öf death

Tankard

You see me diving
Down from the stage
Where "Sting öf Metal"
Unleash their rage

Shit, what a band! They are my idols
I'm their most loyal fan
From head to toe showing their piercings
Wish I could be like them

I must pledge allegiance true
Sting öf Metal, I'll serve you
Need a piercing, real first class
Something that nobody has... Brain Piercing?!

I want this!
I need this!
I'll have this!
Gimme a Brain Piercing Öf Death!!!

Banging my head against the wall
Steel rings must puncture my brain once and for all

There's only one chance
To get this done
Please hear me, Dark Lord
To you I'll run

I'm travelling down (down) to visit Satan (Satan)
Open the gate of hell
In burning flames (flames) he stands before me (burn)
His sulphur I can smell

"Boy, I surely can help you"
Says the devil, grinning shrewd
"It's your soul I wanna have"
"In swap for your fame on earth"... Brain Piercing!

I want this!
I need this!
I'll have this!
Gimme a Brain Piercing Öf Death!!!
Banging my head against the wall
Steel rings must puncture my brain once and for all

With my new jewellery
I'm proudly back
Show Sting öf Metal
The hellish work

Jump on the stage while they are playin'
My idols give a shout (shout)
They're going nuts 'cause of my loyalty
I'm famous, all freak out

Satan suddenly appears
But musicians know no fear!

Playin' loud like Metal Gods
Satan bursts to flesh and blood!... Brain Piercing!

I want this!
I need this!
I'll have this!
Gimme a Brain Piercing Of Death!!!
