

Blue Room

Tantric

Another page, I've turned a few
The sun's a stranger that peeks through
My eyes are brown, the shades of you
Reborn in my light blue room

Well everyone has a place and this is mine
Where they don't need to be afraid or left behind
Where they don't have to carry weight
Of mistakes of the world on their shoulders

Well you better think twice, don't challenge me
'Cause this is my world and I am the king
And everything you do is gonna be embarrassing to you, to you
I live in this blue room

Well everyone has a place and this is mine
Where they don't need to be afraid or left behind
Where they don't have to carry weight
Of mistakes of the world on their shoulders

So fire away, fire away
There's only so many things that you can take from me
Unlike you, I am free
Thank God I'm me
Not living in the prison of who I am supposed to be
Or act like I might just live my life
Everything that I wanna do, I'm gonna do it when I feel like
That's right, said it, it's only gonna hurt if I let it
Affect me
My sanctuary is in this blue room

Well everyone has a place and this is mine
Where they don't need to be afraid or left behind
Where they don't have to carry weight
Of mistakes of the world on their shoulders

Well everyone has a place and this is mine
Where they don't need to be afraid or left behind
Where they don't have to carry weight
Of mistakes of the world on their shoulders
