

# Goat Girl

Tanya Donnelly

See my child, my past  
Hoping yours is a blast

I park my heart in your driveway  
Now I'm healin' hell  
I wanted a lion but I ended up with a man  
Who wanted a gazelle

But I am a goat girl, I am a goat girl  
I am a goat girl, I am a goat girl  
And I do my brutish best

See my child, my past  
Hoping yours will last

I park my heart in your driveway  
Now I'm healin' hell  
I wanted a lion but I ended up with a man  
Who wanted a gazelle

But I am a goat girl, I am a goat girl  
I am goat girl, I am a goat girl  
I am a goat girl, I am a goat girl

Thinkin' goatish thoughts  
Dreamin' goatish dreams  
Diggin' up tin cans  
Chewin' on your sleeve

And I do my brutish best
