

Take Another Run

Tanya Tucker

We started out to walk through life hand and hand together
We ran into some trouble on the highway to forever
We took our turn that turned out wrong woke to find the feeling
gone

But I know that we'll recover if we hold onto each other
Let's take another run at it baby take another run at our love
Let's have a little fun with it darlin' it don't have to be so
serious

Don't tell me it's over we can pick the pieces up
Let's take another run take another run at our love
Sometimes the mountain looks so high when you're standing at the
bottom

But once you've made it to the top you can't see the problem
Right now it hurts a little bit but we've never been the kind to
quit

And I know we'll make it over we'll be rolling in the clover
Let's take another run at it baby...
If we walk away and say we tried
We'll never know what's on the other side
Let's take another run at it baby...
Let's take another run at it baby
