

# The Jamestown Ferry

Tanya Tucker

He just caught the Jamestown Ferry  
It's not a hot day in Janurary  
Like he said it'd be if he ever left me

A case of gone is all he carried  
As he got on the Jamestown Ferry  
He said that gone is all he'd ever be

Didn't think that he'd leave me  
After he saying how much he needs me  
But the fact still remains I sitting her all alone

Missing the love of my baby  
Lord it's about to drive me crazy  
He was the sweetest piece of heaven I've ever known

He just caught the Jamestown Ferry  
It's not a hot day in Janurary  
Like he said it'd be if he ever left me

A case of gone is all he carried  
As he got on the Jamestown Ferry  
He said that gone is all he'd ever be

As I walk through his kingdom of Honky Tonks and Bars  
I remember how he hold me and comfort me with talk  
He didn't curse with every breath  
He had a soothing southern drawl  
He made me feel like a lady through it all.

He just caught the Jamestown Ferry  
It's not a hot day in Janurary  
Like he said it'd be if he ever left me

A case of gone is all he carried  
As he got on the Jamestown Ferry  
He said that gone is all he'd ever be

He just caught the Jamestown Ferry  
It's not a hot day in Janurary  
Like he said it'd be if he ever left me
