

Lost in the Woods

Taproot

Tonight I'm freakin' out again
Tonight I'm thinkin' so low
All I wanted was a friend all I've got is no one
Tonight I'll sleep alone I won't sleep at all
My heart isn't alive

Right now I'm sinking further down
Right now I'm breaking inside
A long drive to see you lie in bed
A long ride wishing for your life
Tonight I'll stay with you
And I will get us through

My heart ripped from my chest
Too late I hope not for this
My heart isn't alive
(My arms carry the weight
Two hands folded yet straight
My arms closed in a prayer for you)

Nauseous preparing for the worst
Cautious repairing open wounds
Yet somehow believing in a chance
It'll turn out to be another test
And you'll come back again

You're lost in the woods they say to me
