Don't know the risk that we take, just to put food on the plate (oh no)
Uh, it no sunny today, lightening and thunder, earthquake (yeah yeah)
Think you can walk in my shoes? You can't even tie the laces
Man hungry, hungry soon turn to anger, then anger turn to danger
Hey, me no waan nobody come a tell me 'bout me temper
No retreat, no surrender, you sit on your veranda
And think it's cool for ghetto youths to suffer, well

Guess who's coming to dinner...

Badman fire
Guess who's coming to dinner...
Uh, cha
Every ghetto youth, weh you plan fi shoot?

You nah know nothing 'bout pain, you never watch with a flame (oh no)
You never fend for yourself, that's a shame
Well, I never born with a silver spoon in engraved with me name (oh no)
Watch the lion in the zoo, him no tame
Man hungry, hungry soon turn to anger, then anger turn to danger
Hey, me no waan nobody come a tell me 'bout me temper
Heart colder than December, and yes me do remember
Those hopeless nights and all without no supper, so
