

# Perfection

Tata Young

I was blind, I was lost  
How did I find you  
I lost drawn, pain the cost  
Tell me, how did I find you

Was it chance  
Was it fate  
Much too good to contemplate  
Now I Thank God everyday  
What more can I say

You are perfection  
That is what you are  
I see perfection  
In your faults and scars

Because you love me  
And swear that you see  
Perfection in me  
Upon reflection  
You are perfection, you are perfection

You were calm, you were kind  
How did I find you  
I was out of my mind  
I don't have to remind you

But with love and with faith  
I learned it's not to late  
And I thank God everyday  
What more can I say

You are perfection  
That is what you are  
I see perfection  
In your faults and scars

Because you love me  
And swear that you see  
Perfection in me  
Upon reflection  
You are perfection

Anyone who says  
There's nothing perfect in this world  
Doesn't know you, they don't know you  
I know  
There is so much soul in everything you do  
Liftin' me up, I can see love unafraid

What more can I say  
You are perfection  
That is what you are  
I see perfection  
In your faults and scars

Because you love me

And swear that you see  
Perfection in me  
Upon reflection  
You are perfection, you are perfection
