

# Sexy, Naughty, Bitchy

Tata Young

I pick all my skirts to be a little too sexy  
Just like all of my thoughts, they always get a bit naughty  
When I'm out with my girls I always play a bit bitchy  
Can't change the way I am: sexy, naughty, bitchy me

I'm the kind of girl that girls don't like  
I'm the kind that boys fantasize  
I'm the kind that your momma and your daddy  
Were afraid you'd turn out to be like  
I may seem unapproachable  
But that's only to the boys who don't have  
The right a approach or ride that makes  
A girl like me wanna hop in and roll

People think it's intimidating  
When a girl is cool with her sexuality  
I'm a 180 to the stereotype girls  
Like staying home and being innocent

When I'm out with my girls I always play a bit bitchy  
Can't change the way I am: sexy, naughty, bitchy me

My mouth never takes a holiday  
I always shock with the things I say  
I was always the kid in school  
Who turned up to each class bout an hour late  
And when it came to the guys I'd lay  
I'd always pick the ones who won't figure out  
That I am clearly a rebel to the idea of monogamy

I like all of my shorts to be a little too shortly  
Unlike all of my guys I like them tall with money  
I love all of my nights to end a little bit nasty  
Can't change the way I am: sexy, naughty, bitchy me
