

Beautiful

Taylor Dayne

oooh oooh oooh aah
what i say what i say
unh unh, yeeeeah
oooh oooh oooh aah

i just live for your love
the warmth of your embrace
i can't get enough
baby now i gotta need for your touch,
so much
i look into your eyes
i feel hypnotized, baby by you

darlin' you're beautiful
you give what you got
and you got a lot, baby you do
darling it's true cause
you makin' me so hot
i don't wanna stop
it's not a fairytale the things you say
the things that you do

baby you're beautiful
so give me what you got
cause you got a lot, baby you do
darling you're beautiful
so give me all you got
don't you ever stop

uunh, yeeeeahh
i just work for your love
this hold that's over me
there's no better drug
so baby i can't find the right words
to explain
what it feels like to be me
when you say my name

baby i do what i have to because
you takin me so high that i kiss the sky
baby it's true, darling i knew cause
you give me butterflies
make me wanna cry feels so high can't describe
this feelin' inside

baby you're beautiful
so give me what you got
cause you got a lot, baby you do
darling you're beautiful
so give me all you got
don't you ever stop

i can't explain the way i feel
you are the answer to my dreams
my every love inside
i see that i was blind
there's nothin' but blue blue skies
