

Forever

Taylor Dayne

Im all alone in bed
i cant sleep, im feeling blue
I try to close my eyes
but all im thinking of is you
Baby only you
I cry my eyes out baby
wondering what i have to do
I look inside my heart
And know for sure that this love is true
Day by day, heart to heart
I hope we will ever be together
Will it be me and you
a dream that our love will last forever
Hold my tight in your arms
i know we have the strength to stay together
Walk with me hand in hand
i promise to be there forever, forever

Im all alone in bed
i cant sleep, im feeling blue
I try to close my eyes
but all im thinking of is you
Baby only you
Day by day, heart to heart
I hope we will ever be together
Will it be me and you
a dream that our love will last forever

Hold my tight in your arms
i know we have the strength to stay together
Walk with me hand in hand
i promise to be there forever, forever
Forever, forever, forever, forever
