

Say A Prayer

Taylor Dayne

Say a little prayer for you
Say a little prayer for you
Well, I remember when
You were my only friend

You took the time
When on one else cared
You gave love endlessly
And then you proved to me

No matter what
You'd always be there
And now I understand
Just how life's little plan

Can make it rough to say forever
But you've been there for me
So that's my guarantee
That we will always be together

When I have sleepless nights
That's when you hold me tight
You do it right
I say a little prayer for you

And when my dreams are through
I only think of you
'Cause you do it right
I'll say a little prayer for you

We've had good times that's true
We've had our bad times too
But through it all
It makes us stronger

We'll have to build our trust
Because it means too much
To give away to any other
And now I understand

Just how life's little plan
Can make it rough to say forever
But you've been there for me
So that's my guarantee
That we always be together

I say a little prayer for you
Alright, come on
Say it, say it, say it, say it, say it
Alright, say a prayer
Alright, come on
I'll say a little prayer for you
Say it, come on
I'm prayin'
I'll say a little payer for you

And now I understand

Just how life's little plan
Can make it rough to say forever
But you've been there for me

So that's my guarantee
That we will always be together
I say a little prayer for you
I will Say a little prayer for you
So far away
My baby, my love
