

Infamous Last Words

Tear Out the Heart

You may not respect me
But you will fear me

What good is a voice
With no one left to listen?
I'm sick of all of these mindless clones
And did I fail to mention
I've fought tooth and nail
To get where I am today?
One day we will be gone
But these words will live on

Who are you to say we don't belong?
Here we are screaming out our lungs
Proving everybody wrong

Who are you to say we don't belong?
Here we are screaming out our lungs
Proving everybody wrong

You have dug your own grave
Now lay the fuck down
Your name's a bitter taste in my mouth

What good is a map
Without a sense of direction?
I'm sick of biting my tongue
And killing to get your attention

I've fought tooth and nail
To get where I am today?
One day we will be gone
But these words will live on

Who are you to say we don't belong?
Here we are screaming out our lungs
Proving everybody wrong

Who are you to say we don't belong?
Here we are screaming out our lungs
Proving everybody wrong

You thought that we were dead
But we broke through
I will bury you

You have dug your own grave now

Who are you to say we don't belong?
Screaming out our lungs
Proving everybody wrong

Who are you to say we don't belong?
Here we are screaming out our lungs
Proving everybody wrong
I will bury you
