

Save Me

Teddy Geiger

Will you lay here for a while here beside me
Spend the night to get me through
I've been sinking thinking hard about tomorrow
Treading water in the blue

You remind me
What's inside me
I got nothing left to lose
Can you make the world feel new

Save me
Come on go on
Show me what you got
Lay it on the line

Save me
Come on go on
Pull me closer baby
Darling set me free

I can tell that you know where I've been
Honesty comes easily
I want to let you in

Stay up talking
'Til the early morning is call us to bed
Dressed in sunlight and your kiss

Now remember
There's nothing better
Yeah, nothing waiting on the other side
All we have is here tonight

Save me
Come on go on
Show me what you got
Lay it on the line

Save me
Come on go on
Pull me closer baby
Darling set me free

Whenever you to need to roam
I will always keep it close
Whenever you need someone to call on
I'll be waiting down the road

Save me
Come a little closer
Closer

Save me
Come on go on
Show me what you got
Lay it on the line

Save me
Come on go on
Pull me close baby

Save me
Save me
Save me
