Oh love I've waited all my life to find you I've searched for you in every dream and suddenly you reached out to me oh love I remember when I first touched you I remember how my heart had wings to said upon tell me what went wrong

Oh love when you were just within my reach I was blind to find my dreams of being free oh love it's not too late for you and me there's still time as long as we believe Believe in love I thought that I could live without you I really thought that I was strong but now you're gone I'm not half as strong oh love I never knew how much I missed you I never knew I had to give to you

To keep you hear now I need you here oh love when you were just within my reach I was blind To find my dreams of being free oh love it's not too late for you and me there's still time as long as we believe believe believe in love I never knew how life could fade away a little bit more each day without you I'm twice the fool oh love believe me when I say I'm sorry we've got to find a way to talk things over cause it's not over Believe in love oh love.....
