

Take Me In Your Arms Tonight

Teddy Pendergrass

I have got something to tell you
But it's more, more than words can say
But I feel words could never express it
Nothing like I would, if I just could
Spend a few moments with you

My baby, take me in your arms
Hold me tight, now baby
Got to have your love tonight
Do it right, now baby
Take me in your arms tonight

We, we got something between us
And it feels, it feels so good to me
It's getting stronger, but I keep getting weaker
I know that you can feel it too
Just by the things that you do

My baby, take me in your arms
Hold me tight, now baby
Got to have your love tonight
Do it right, now baby
Take me in your arms tonight

Take me in your arms tonight, tonight
It's getting stronger
Getting weaker
I'm still getting weaker
Take me
I'm gonna take you
Oh, take me

My baby, take me in your arms
Hold me tight, now baby
Got to have your love tonight
Do it right, now baby
Take me in your arms tonight
Do it right, now baby
Got to have your love tonight
Take me in your arms tonight
Do it right, now baby
Got to have your love tonight

Have your love tonight
(Yes, you do)
Do it right, tonight
Do it right, tonight
Baby, oh baby
Got to have your love tonight
All your love
Oh, yeah
