

## Frontlines

Teddy Thompson

Been away a long time  
Come home to ruination  
Smoke swirls in blue sky  
The mourning of a nation

Stick around if I dare  
Or move out to the country  
But living in the sticks won't  
Save you from what must be

Keep me from the frontlines  
I'm no match for them  
Cowardice in wartime  
Hear my prayers  
Amen

Go ahead and see  
What happens to me

Keep me from the frontlines  
I'm no match for them  
Cowardice in wartime  
Hear my prayers  
Amen
