

The One I Can't Have

Teddy Thompson

I was born with a love disease
It's known as chronic hard to please
I want
The One I Can't Have

Given choices A and B
I'll probably go with option C
I want
The One I Can't Have

There's so many beautiful girls
In this beautiful world but I want
The One I Can't Have

I know this girl she thinks I'm fine
And I could have her anytime
But I want
The One I Can't Have

Swearing true love 'til the end
I'm looking past you at your friend
Oh I want
The One I Can't Have

There's so many beautiful girls
In this beautiful world but I want
The One I Can't Have

I saw this actress on tv
I think she is the one for me
I want
The One I Can't Have

I opened up this magazine
I fell in love on page 13
I want
The One I Can't Have

There's so many beautiful girls
In this beautiful world but I want
The One I Can't Have
The One I Can't Have
