

Don't Drift Away

Tedeschi Trucks Band

Ooh...
Don't drift away
Ooh...
Don't drift away

I realize that I led you
Down a dead end street
But together we can make it
And stay on our feet
I won't let you down

At times I let it go
Maybe more than I should
Now it's constant smile upon
We were always in a hurry
To get our lives away

I don't really have a reason for you
I don't want to walk it alone

Some day when our love is gone
Realize that I was wrong
And I love you babe

And if you have to go
Don't let them take your soul
Don't drift away

Throw away the memories
We've been gone too long
We can catch up on our history
When I get back home
It won't be too long

If I seem a little careless
Keep me on your side
If you get a little reckless
I'll pull you out in time
I won't let you go

I don't really have a reason for you
I don't want you to walk it alone

Some day when our love is gone
Realize that I was wrong
And I love you babe

And if you have to go
Don't let them take your soul
Don't drift away

You've never let me down before
Even when I turned my back on you all
I don't really 'want to love anybody else
Only you in my world
Oh it's a mystery

Ooh...
Don't drift away
Ooh...
Don't drift away
