

# Invitation

Teedra Moses

[Spoken:]

Two, three, four...ah  
We can dance if you wanna  
Romance, if you wanna  
We can even take that chance if you wanna  
But if you want it and you really think you gonna  
You have to get it right

[Sung:]

First round draft choice ain't no contender boy  
I get inside your head, so now your mind's blown  
Thinking about me all the time, you call me just to say  
You think I'm cool as shish you wanna be worth it

Baby babe, if you really want my love,  
You can have all that it is you want  
But what makes you so, what makes you so different,  
You so different boy from the rest  
Can you show me that...

[Chorus:]

This is my, my invitation to love  
You can have all that you want  
This is my, my invitation  
But if you can't provide it,  
Then you're uninvited to my love  
This is my, my invitation to love  
You can have all that you want!  
This is my, my invitation,  
But if you can't provide it,  
Then you're uninvited to my love!

My love can be the balance  
Cool your summers, warm your winters,  
My love is 365, January to December  
I offer my love if you think you can handle it  
Swear if you get it right, my love could be a paradise

My love could be yours (ah ah)  
If you can get it right,  
My love could be yours (ah ah)  
it would be so nice  
My love could be yours (your paradise)  
My love supreme make me the only one on your team
