

# Outta My Head

Teedra Moses

Well, I think I'm goin outta my head...

Think I'm goin outta my head  
Cause my heart keeps yearnin for ya  
Thought I know that we are so dead  
Gotta let it go, holding on to  
All the memories that we had in the past  
It ain't worth my tears  
You could never bring heartbreak again

See me, thinkin there could be no way  
That we'd end up this way  
And each day it gets clearer and clearer to me  
That this is the only way  
Now that I found my way  
My whole life has changed  
And now I found happiness here without you

Think I'm goin outta my head  
Cause my heart keeps yearnin for ya  
Thought I know that we are so dead  
Gotta let it go, holding on to  
All the memories that we had in the past  
It ain't worth my tears  
You could never bring heartbreak again

Silly me, still sometimes I think about ya  
And I just try to let it pass by  
Cause I know that I probably will always love you  
Cause you were the first one for me  
But still I found happiness here without you

Used to think maybe but baby  
Now I am so sure that you and me  
Will only lead me back to heartbreak

Think I'm goin outta my head  
Cause my heart keeps yearnin for ya  
Thought I know that we are so dead  
Gotta let it go, holding on to  
All the memories that we had in the past  
It ain't worth my tears  
You could never bring heartbreak again

I think I'm goin outta my head  
Said I think I'm goin outta my head  
Think I'm goin outta my head  
Said I think I'm goin outta my head

Think I'm goin outta my head  
Cause my heart keeps yearnin for ya  
Thought I know that we are so dead  
Gotta let it go, holding on to  
All the memories that we had in the past  
It ain't worth my tears
