

# Déjà Vu

Teena Marie

I'm young and I'm old  
I'm rich and I'm poor  
I feel like I've been on this earth many times before  
Once I was a white Gazelle  
On horse back riding free  
Searching in the darkness for a piece of me

I can feel this for sure  
I've been here before  
I can feel this for sure for sure  
I've been here before

I used to be a queen you know  
In a island by the sea  
With rainbow colored people  
Happy as can be  
Never had a problem  
There never was a care  
And Love was ever flowing and it's feeling shared

And I can feel this for sure... ooh  
I've been here before  
I can feel this for sure  
For sure for sure  
For sure for sure  
Oh I've been here before  
Yes I have  
I can feel it  
I can feel it... ooh  
In my heart I feel it

The soul feels like the Universe  
It's vast and never ends  
Stars to me are the Children  
Babies are my friends  
God is like a galaxy  
Within my spirit flies  
Felt this way a million times  
Please don't ask me why

The question of my lifetime  
If you ask my point of view  
They say it all was Karma  
Call it Deja vu  
Call it Deja vu  
Call it Deja vu  
Call it Deja vu  
Call it Deja vu  
And I can feel this for sure  
I've been here before  
And I can feel... this for sure  
I've been here before  
I've been here before  
I can feel it

I'm young and I'm old  
I'm rich and I'm poor

I feel like I've been on this earth many times before  
Once I was a white Gazelle  
On horse back riding free  
Searching in the darkness for a piece of me

I used to be a queen you know  
In a island by the sea  
With rainbow colored people  
Happy as can be  
There never was a problem  
There never was a care  
And Love was ever flowing and it's feeling shared

And I can feel this for sure  
For sure for sure  
For sure for sure  
I've been here before  
I swear It  
I can feel this for sure  
I've been here before

If hate is on your mind  
And you can't give love the time  
If anger if your friend  
Don't know when you die you'll come back again  
And In the master's plan...  
You'll come back woman or man  
If your life is full of sin...  
Don't you know when you die you'll come back again!  
I thank God... thank God... thank God...  
I am not coming back no more!  
I've been here before...  
Thank God... thank God... thank God!  
(I don't want to come back no more!)
